<b>Short summary of the best practice</b>	<p>Some students of Vélez de Guevara school see to the proper use of water in classrooms and corridors.</p> <p>“Tap Commando” ensures that water is not wasted and works as water inspectors. They watch that other children do not waste water, but also that do not throw bottles away, do not waste, etc. The students (Tap Commando) act as informers, so when a child acts in the wrong way they inform us to impose him/her the corresponding penalty, which may consist of collecting some waste in the school or a similar task.</p>
<b>Goals</b>	<ul style="list-style-type: none"> <li>• Saving water</li> <li>• Increasing awareness on how our behaviours can impact the environment</li> </ul>
<b>Main activities</b>	<ul style="list-style-type: none"> <li>- Awareness raising and training on key concepts.</li> <li>- Designation of the group of students and definition of activities.</li> <li>- Ensuring that water is not wasted</li> <li>- Watching that children do not waste water, but also that do not throw bottles away, do not waste, etc.</li> </ul>
<b>Background</b>	<p>This has been one of the awareness raising and behaviour change activities of the Energy Action plan of the school implemented during the Testing phase of the EduFootprint project, with the aim of reducing excessive and unnecessary water consumption of the school and, consequently, its environmental footprint</p>
<b>Time frame</b>	This activity is implemented along the school year.
